Trinity

Office of Continuing Education

Main Hall – Room 464
125 Michigan Avenue, N.E.
Washington, D.C. 20017

Dear Educator,

Trinity's Office of Continuing Education is here to help you prepare for your next school year and to meet your career advancement goals. Our summer schedule offers over 140 professional development courses for educators. These courses are intended for teachers, counselors, administrators, and other school personnel seeking to earn graduate level credit to meet in-service, recertification, and continuing education requirements.

Our courses are offered for every career stage from beginning teacher to experienced professional. Specific training is available in early childhood education, elementary education, secondary education, technology for educators, ESOL, special education, and counseling. If you plan to utilize these courses for recertification, we recommend you obtain prior approval from your respective school system or employer to ensure that the credits meet their requirements.

Trinity recognizes the hectic schedules of teachers and school personnel. To accommodate a more flexible learning format for busy educators, our professional development courses are offered in intensive formats, such as those that meet over four Saturdays and those in one-week Monday-Friday formats. Continuing Education offers online courses in multiple subject areas in both synchronous and asynchronous formats.

Those seeking admission to the graduate level professional development courses must hold a bachelor's degree from a regionally-accredited higher education institution, at minimum. We look forward to seeing you in class this semester.

Sincerely,

Trinity Continuing Education

Note: Participation in educational development/continuing education courses through the Office of Continuing Education does not constitute admission or application to Trinity's degree programs (M.A., M.A.T., M.Ed., M.S.A., or other credentials). Continuing Education courses are not part of the curriculum for Trinity's Master's programs and courses cannot be applied toward these degree and certification programs. For information about Trinity's comprehensive graduate programs, please call the Admissions Office at 202-884-9400.

General Information

What We Offer

Trinity offers graduate level professional development courses for education professionals that combine theory with hands-on experience. These courses are intended for teachers, counselors, administrators, and other school personnel seeking to earn graduate level credit to meet continuing education requirements, including those for in-service and recertification. The courses may be taken for personal interest and/or salary scale increase purposes.

Taught by experienced and highly qualified faculty, these courses typically involve a combination of in-class and guided learning activities that may include related laboratory, field, and other out-of-class activities. The courses offer students an intensive experience covering educational issues, or aspects of curriculum and methodology.

Persons wishing to use course credits for recertification are encouraged to obtain prior approval from their school system or employer to ensure that the credits are suitable for this purpose.

Note: These courses are not part of the curriculum for Trinity's degree programs (i.e., M.A., M.A.T., M.Ed., M.S.A.). For information about these comprehensive graduate programs, please call the Office of Admissions at 202-884-9400 or visit the Trinity web site at www.trinitydc.edu. Student teaching and/or independent study are not available via the Office of Continuing Education.

For full policy information visit <https://www2.trinitydc.edu/continuing-education/policies/>

Attendance Policy

Continuing Education courses are at a graduate level in an intensive format to meet the scheduling needs of full-time working students. The 30 hours of instruction are equivalent to a minimum of 30 one-hour class meetings if the course were to take place over a full semester. Participation in class lectures, discussions, and other activities related to a particular course is an essential part of the instruction process. **For this reason, full attendance is required to pass our courses. If you know in advance of registering that you are unable to attend ALL scheduled meetings in full, do not register for that course; please consider taking the course in another session.** If an emergency arises such as an illness, death in the family, or other unexpected emergency circumstance, the student is responsible for notifying the instructor as soon as possible and will be required to provide documentation to verify the emergency. Reporting the absence does not exempt a student from fulfilling all course requirements.

Taking a Praxis test is not an unexpected emergency and is not an excused absence. Please do not register for a course that will conflict with a Praxis test that will cause an absence from class time.

Due to the intensive schedule of these courses, grades may be lowered by as much as 25% for missing one class. Students who miss more than 25% of any course, including an excused, emergency absence, may be required to repeat the course to receive credit and/or a passing grade. Students who miss the first class will not be permitted to take the course. Students who are more than one hour late to the initial class meeting will need the approval of the Office of Continuing Education to join the course.

If an unexpected emergency occurs preventing a student in an online or hybrid class from submitting their online work on time, documentation of an unexpected emergency must be submitted to the Director for verification. If the absence is approved as excused, an extension deadline will be discussed.

Course Cancellations

The University reserves the right to cancel courses or make other changes that the University deems appropriate. Every effort is made to notify participants prior to the start of the course. If a course is cancelled, all tuition and fees will be refunded unless the student selects another course to replace the canceled one.

Course Confirmation

Students who submit paper registration by fax or mail will receive a registration confirmation by mail. Students will be contacted if there are scheduling changes or if the course is canceled/full at the time of registration. Students who register online can print a schedule confirmation at the time of registration or later by returning to Self-Service (Trinity's online student account portal) and clicking on the "Schedules" tab.

Disability Services

Students requesting accommodations for student services must request these services at least 4 weeks prior to the start of a course. Visit the Disability Student Services website for more information: www.trinitydc.edu/disability.

Dropping/Withdrawing from a Course

Participants who have registered for a course and wish to drop must complete a Continuing Education Drop/Add Form before the first class. Students may not drop a class after it begins. A \$50 administrative fee is assessed for all drops. A drop fee will not be assessed when dropping and adding a course within the same semester. Students who wish to withdraw from a course must do so before the course ends. Students who withdraw are not eligible for a refund.

Eligibility

Admission to a graduate level Continuing Education course is open to anyone who has minimally attained a Bachelor's degree. Students who have not taken a course at Trinity must provide an official undergraduate transcript, Bachelor's (or higher) diploma, or a teacher's license that indicates a Bachelor's degree or higher when submitting a completed registration form or Online Login/Password Request Form. Students registering for non-credit courses do not need to submit proof of a degree.

Employer Paid Tuition

If your employer has agreed to pay part or all of your tuition, obtain a letter of intent or purchase order from your employer. It must include your name, social security number, amount to be paid, billing address, and the original signature of the person(s) authorizing payment. This documentation must be provided when the paper registration form is submitted. The release of the grade will be withheld until payment is received. DCPS teachers should visit our tuition webpage found in the registration section of our website for billing authorization requirements.

Fees *\$50 tuition discount for credit courses when you register online!*

Tuition for graduate level Continuing Education credit courses is \$530. If a course requires a book and/or materials fee, students will be notified on the first day of class. All registrations with required documentation and payment must be submitted seven calendar days prior to the class start date to avoid a \$50 late registration fee. Registrations are accepted on a space available basis. Full payment is required at the time of registration. Registrations and payments will not be accepted after the start time of an in-person class; online class registrations and payments will be accepted until 11:59 p.m. on the class start date. A \$50 administrative fee is assessed for all drops. A drop fee will not be assessed when dropping and adding a course within the same semester. The late fee and drop fee are non-refundable. Please visit our website for fees for non-credit courses.

Grades/Transcripts

Each course awards three graduate level credits (with the exception of non-credit Praxis Preparation and health training courses). Letter grades for credit courses are issued at the end of the courses. Grades cannot be given over the telephone. Students are able to access their grades online through Self-Service within 72 hours of the completion of the course. Transcripts may be requested from the Office of Enrollment Services after the grades have been entered. To request an official transcript, visit the website: <https://discover.trinitydc.edu/enrollment/transcripts/>.

Parking on Campus

Permits are required to park on Trinity's campus. A special free permit for Continuing Education students will be distributed by the instructor at the start of the initial class meeting. There is no charge for this permit. Permits are not required for off-site locations.

Refunds

Participants who have registered for a course and wish to drop must complete a Continuing Education Drop/Add Form and submit it to the Office of Continuing Education before the first class. Students may not drop a class after it begins. A \$50 administrative fee is assessed for all drops. A drop fee will not be assessed when dropping and adding a course within the same semester. Refunds will be processed in 2 to 3 weeks. No refunds will be issued after the course start date.

Registration Policy

Registrations are accepted on a "first-paid" basis. Payment for all tuition/fees is required with the submission of the registration form or online registration in order to reserve space in a course. Partial payments, post-dated checks, payment plans, and telephone requests to hold a space are not accepted. Registration forms will be returned if the tuition and fees are not included. Online registrations through Self-Service are finalized after credit or debit card payments are approved. Registration will continue on a space-available basis until each course is filled. A \$50 non-refundable late registration fee will be charged to all students whose registration materials are received less than seven calendar days prior to the class start date.

Returned Checks

If the University receives final notice of a check being returned for any reason, all outstanding charges will be due immediately and a \$30 returned check fee will be assessed.

Room Schedules (in-person courses only)

Due to enrollment fluctuations, room schedules are confirmed the day before the start of the courses. Please check the room signs posted at Trinity in the Main Hall lobby on the first day of class. Trinity campus room assignments can also be viewed by logging into Self-Service (Trinity's online student account portal) 24 hours prior to the start of the course. Room assignments for off-campus locations will be posted near the main entrance of the building.

Specialty Classes, Customized Training, and/or Teaching In-Service

The Office of Continuing Education provides on-site training for schools, businesses, and organizations. Whether you require skill development in a specific discipline, new skills training, or a series of courses, we can assist you. Courses can be offered at your location or on Trinity's campus, with days and times arranged at your convenience. Your school can benefit from the customized professional training offered by Trinity. If your counselors and/or administrators need to develop their teaching specialization, counseling techniques, classroom management, leadership skills, or just want to work better as a team, contact the Office of Continuing Education at 202-884-9300 to tailor a successful program for you.

Trinity

Trinity Washington University is a comprehensive university in Washington, D.C., offering a full range of undergraduate and graduate courses and degree programs for students of all ages, through the College of Arts and Sciences, the School of Education, the School of Nursing and Health Professions, and the School of Professional and Graduate Studies. Contact the Office of Admissions at 202-884-9400 about degree-seeking programs, or see page 10.

University Closures

If an emergency develops requiring school closing, call the Office of Continuing Education at 202-884-9300 to listen to important updates. The Trinity main weather hotline/website might not include information about closings at our off-site locations, thus, it is important to call the Office of Continuing Education directly for an announcement impacting our courses.

Non-Credit Courses

Praxis Preparation

EDU 700A Praxis I Reading/Writing

Reading: This course reviews the basic skills of reading comprehension. The course will provide participants with an understanding of critical reading skills and the mechanics of reading through diverse written materials. Classroom learning experiences include the practice of skimming, previewing, locating answers, and summarizing and evaluating written material. **Writing:** This course introduces participants to the basic skills of writing. Participants will benefit from the ability to express their thoughts on paper. This course will provide participants with classroom writing support, including immediate feedback on their common misuses of grammar and sentence structure. They will produce a writing sample including the topic sentence, body of the paper, and the conclusion. Note: No credits are awarded for this course. Praxis preparation courses will include on-line computer-based testing programs.

Monday - Friday: June 24, 25, 26, 27, 28, 2024

Online Live; 9:00 a.m. - 12:00 p.m. (Session 4)

EDU 700C Praxis I Mathematics

Mathematics: This course provides participants with a comprehensive review of the fundamental concepts of arithmetic, algebra, and geometry. It is specifically designed to reduce test anxiety and to help participants to overcome their fear of mathematics. This course will provide participants with classroom support, including feedback about their common mathematical errors. Note: No credits are awarded for this course. Praxis preparation courses will include on-line computer-based testing programs.

Monday - Friday: July 22, 23, 24, 25, 26, 2024

Online Live; 9:00 a.m. - 2:00 p.m. (Session 7)

Registration

Participants who wish to register for a non-credit course must complete our one-page [Non-Credit Registration Form](#). Please email ContinuingEd@trinitydc.edu to request a registration form.

Registration form & payment must be received 7 days prior to the start of the course to avoid a \$50 late registration fee. Complete registrations should be submitted to the Office of Continuing Education.

School of Education

Certificate Programs

[Certificate in Early Childhood Education Foundations](#)

The Graduate Certificate in Early Childhood Education Foundations will prepare you to work with children from pre-kindergarten to third grade. Coursework will cover how schools and families interact to influence development and learning, the foundations of how children learn, strategies to help young children acquire language and literacy skills, and techniques for observing and assessing growth. Program courses help students learn to recognize and adapt to students' needs, interests and readiness levels through innovative, research-based pedagogical practices.

[Certificate in Elementary Education Foundations](#)

The Graduate Certificate in Elementary Education Foundations will prepare you to work in 1-6 classrooms. Coursework will cover how schools and families interact to influence development and learning, the foundations of how children learn, strategies to help children acquire language and literacy skills, and techniques for observing and assessing growth. Program courses help students learn to recognize and adapt to students' needs, interests and readiness levels through innovative, research-based pedagogical practices.

[Certificate in Special Education](#)

The Graduate Certificate in Special Education will prepare you to work with students with a wide range of diverse needs. Trinity's program focuses on evidence-based instructional strategies and data-driven best practices to enhance the skills needed to help those with varying social and learning abilities in today's inclusive classrooms. Educators learn to develop effective behavioral interventions, differentiate instruction, and provide appropriate accommodations. Coursework will explore the intersecting relationships of school, home, and community and how they can work together to ensure all students meet their full potential.

[Certificate in Education Policy](#)

This Graduate Certificate in Education Policy is designed for educators and education professionals who are passionate about transforming schools, school systems, and education programs. This graduate-level credential prepares education personnel for careers in school system administration, school districts, non-profit education, or federal and state agencies. It provides students with a foundation in political systems, education law, and education policies needed to critique current standards, tackle complex educational problems, and implement education policies and programs to support teachers and impact the future of education.

The School of Education offers several undergraduate and graduate programs. More information about all programs offered can be found online: <https://discover.trinitydc.edu/academic-catalog/edu/>. Applications for any of these programs may be submitted online through the office of Admissions: <https://www2.trinitydc.edu/admissions/>

\$50 Tuition Discount with Online Registration!

Please follow the directions below or visit:

<https://www2.trinitydc.edu/continuing-education/#instructions>

for more information about how to register for a Continuing Education course online.

Non-credit courses do not qualify for an online tuition discount.

Part I: Have you ever received credit from Trinity before?

If Yes:

Part I (for Returning Students):

- Proceed to our Login/Password request website: <https://dynamicforms.ngwebsolutions.com/Submit/Start/24436334-f44a-402c-aa04-edaed8f1e09d?SSO=N> and complete the steps for returning students.
- **Your Login ID and Password will be sent to your email address within 2 business days.**

Proceed to Part II.

If No:

Part I (for New Student Admission):

- Proceed to our Login/Password request website: <https://dynamicforms.ngwebsolutions.com/Submit/Start/24436334-f44a-402c-aa04-edaed8f1e09d?SSO=N> and complete the steps for first time students.
- **Your Login ID and Password will be sent to your email address within 2 business days.**

Proceed to Part II.

Part II: Online Registration for students with Login and Password

1. Enter your Login ID and Password at the following website: <http://selfservice.trinitydc.edu>.
2. Once logged in, click Registration at the top of the page and then click Continuing Education.
3. In the Search bar under “Find your next course” type in the course number (EX: EDU 530B) and push enter/return on your keyboard.
4. Click the Add button for your chosen course. The course will show up in your cart on the right side of the screen.
5. Next click Register and then click Pay Now.
6. You will be taken to a third-party site to complete the payment process.

Note: Adding a course to your cart does not reserve a space in the course. Registration is not complete until the payment is processed. Please contact our office at 202-884-9300 or ContinuingEd@trinitydc.edu if you need registration assistance.

Dates to Remember

Important updates throughout the semester will be available at the following website:

<https://www2.trinitydc.edu/continuing-education>

Registration Information:

To avoid incurring a \$50 late registration fee for online or paper registrations, **registration forms, payment, and any supporting documents**, e.g., transcripts, billing authorization letter, etc., must be received at the Office of Continuing Education **one full week before** your course begins. Tuition discounts are only available through online registration. There are no discounts for the non-credit Praxis preparation and health certification courses. Please visit our website for more information about registration deadlines.
